Audiophile-grade for over 40 years

NAD VISO is the culmination of more than 40 years of dedicated audio innovation. Designed and driven by audiophiles, VISO is made specifically for digital natives who understand the difference that clean, crisp sound makes to music lovers.

Apple 3-button multi-click remote with microphone

Full control of all Apple music and call functionality right at your fingertips: Play/Pause, Volume, Skip Track, Previous Track, Fast-Forward, Make and answer calls. Includes a high quality microphone for voice-calling and device control with Siri-compatible devices.

Our sound scientists created RoomFeel™ to translate the warm, open sound of live performance directly into your private headphone experience. The result is a headphone innovation that dramatically expands the whole soundstage. You have to hear it to know what you've been missing. NAD. Game-changing audio once again.
