T 758 AV Surround Sound Receiver
Quick Setup Guide

WHAT’S IN THE BOX

NOTES
• Download the latest T 758 Owner’s manual from the NAD website nadelectronics.com.
• Refer to the owner’s manual for more information about your T 758 including further setup guidelines, operation, BluOS configuration and other features.
• The information provided in this Quick Setup Guide maybe subject to change without notice. Check the NAD website for the latest T 758 Quick Setup Guide.

INSTALL BluOS KIT

NOTES
• The Wi-Fi dongle and Bluetooth USB Micro Adaptor can be connected to any of the 4 ports of the USB hub. If wireless connectivity is poor, connect Wi-Fi dongle to the supplied extension cable and straighten out for better reception.
• Refer to T 758 owner’s manual for guidelines about network configuration and BluOS operation.
CONNECT SPEAKERS, SUBWOOFER AND TV

1. Connect the TV to the HDMI OUT (4K) on the receiver.
2. Connect the subwoofer to the SUBWOOFER OUT on the receiver.
3. Connect the speakers to the SPEAKERS OUT on the receiver.
